

Windbreak

V745 - Lüderitz

With a V745-Lüderitz windbreak you can enjoy a sheltered terrace or veranda. The V745-Lüderitz is a moveable windbreak that you can operate regarding your preferences. You can adjust the windbreak to weather conditions which is very convenient.

Movable windbreak

Would you like to enjoy your terrace sheltered against the wind?

The V745-Lüderitz is the ideal terrace separation. You can also use the windbreak to close your veranda (also possible in combination with the V780-Jondal wedge). It is possible to connect several windbreaks to create a longer separation. The maximum width of one V745-Lüderitz windbreak is 3 meter. The windbreak can be installed to the ground using a plate.
